Dear Theo:

It has been on my mind for some time to tell you what a pleasure it was for me to read the transcript of your lecture in April as CIA Guest Speaker. I can well understand the enthusiastic comments of those who were lucky enough to hear it firsthand. My apologies again for having to miss it.

The immediate impetus for this letter comes from the word that you have been so generous as to make the Fulbright Commission the beneficiary of your honorarium. We agree that it is a worthy institution and appreciate your desire to further German-American relations by contributing to it.

I hope that our paths will cross again before too long.

Yours,

/s/ Stansfield Turner
